LX SERIES

FOR THE OFFICE

Next Generation Shredders

*More Shredding.
Zero Jamming.*

Shreds each
sheet of A4 paper
into **2000+ particles!**

Advanced Security

Shreds each A4 paper into over 2000 micro-cut particles to protect your confidential documents by making them almost impossible to read or recover. Offers **up to 6x the security** of standard cross-cut machines to destroy your data safely.

100% Jam Proof

Avoid the #1 frustration while shredding: Paper Jamming. Automatically detects, stops and reverses the machine when too much paper is inserted. Shred safely with maximum productivity and convenience.

Maximum Productivity

Micro-cut particles allow the bin to **hold up to 2.5x more sheets**, which means less emptying. IntelliBar Responsive Technology prevents interruptions by indicating when bin & sheet capacity is nearing the limit, or the run time is close to being reached. Maximises shredder performance and no more wasted time!

For every workspace

Quiet shredding experience. Shred quieter than cross-cut for less disruptions in any work environment.

100% Jam Proof™

Automatically detects and powers through tough jobs

SafeSense®

Stops shredding when hands or paws touch the paper entry

Bin Full Indicator

Notifies you when the bin is nearly full and alerts you when it needs to be emptied

Run Time Indicator

Warns you when the shredder has nearly maximized run time and alerts you when it needs a cool down

Efficiency Meter

Indicates the potential for increased sheet capacity to maximize productivity

Shreds each sheet of A4 into **over 2000 particles** (2x12mm P-5) for optimal security and productivity

Model Name	LX221	LX211	LX201
Usage	Small Office (3-5 users)	Small Office (1-3 users)	Home Office / Deskside (1 user)
Sheet Capacity	20	15	12
