STEP 1:
Select your Desk

Your desk is the centre of your workstation. Choose from the convenience of an electric standing desk or the freedom of a manually operated pneumatic standing desk that offers you the flexibility to set up an ergonomic workspace.

STEP 2:
Position your Screens

Working with a laptop for extended periods leads to haunching, neck and shoulder pain. Using a laptop stand helps to raise the laptop to align with your natural line of sight and creates space for a full-size keyboard to be used which is also better ergonomically.

We stock a wide range of Leitz Well-being solutions, please contact us to find out more.

STEP 3:
Sitting and Standing

Rethink your office chair with the dynamic Active Sitting Stools that encourage movement. They are a great way to keep you active while you work, and promote a good posture.

STEP 4:
Feel Good Accessories

Complete your FEEL GOOD workstation with accessories to ensure you have the right posture while working. Pegboard Desk Organisers are simple but highly effective ways to maximise space on your desk.

Small Electric Sit-Stand Desk

Small Sit-Stand Desk

Lightweight and ultra-thin design (6mm) to fit easily in a bag for mobile working or storage.

ALUMINIUM ULTRA-FLAT LAPTOP STAND
Strong and durable ergonomically designed aluminium laptop stand to maximise comfort at your workspace or on the go.

- Raises your laptop screen off the table to increase comfort and help improve posture whilst sitting or standing for better overall health and to support active working
- Ultra-flat with SlimLift Design making the adjustable laptop riser easy to use in any space at home, in the office or on the move
- Quick and easy to adjust and create the perfect viewing angle by selecting one of the 5 different height settings
- Suitable for laptops and tablets 10 - 17" (MacBooks that open to a maximum of 135° can be used at the height setting of 172mm and 200mm)
- Secure and stable with an ultra-flat foldable hook and rubber elements on the base to prevent the laptop riser stand slipping
