

# Carbon neutral printers & MFPs

from a carbon neutral company.

Every product.  
Carbon neutral.

It's as easy  
as adding a  
paper tray

Minimal cost  
over lifetime  
of device.

*From Jan 2023, new products will be launched carbon neutral as standard.*

## Auditable & Traceable Certificate

Customers can demonstrate their investment and commitment to climate action by registering for a carbon neutral certificate certified by MyClimate.

Register here: [kyocerads-group.co.uk/register-your-carbon-neutral-print-device/](https://kyocerads-group.co.uk/register-your-carbon-neutral-print-device/)

## What is carbon offset?

Kyocera offset the device production and transport, plus the consumables used over the full lifetime\* via a simple bolt-on to the device purchase.

\* Lifetime is based on the rated machine life of 60 months.

Full T&Cs:

[kyoceradocumentsolutions.co.uk/cntandc](https://kyoceradocumentsolutions.co.uk/cntandc)

## How is it offset?

The devices are offset through MyClimate, the same partner Kyocera use to offset their UK business operations.

MyClimate invest in Gold Standard climate protection initiatives and Kyocera have selected three international projects that are certified for their sustainable development factors.
